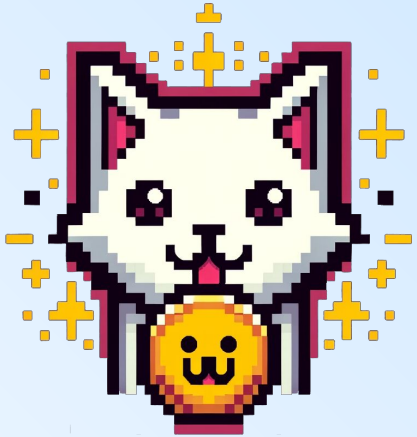
TOKEN TAILS



Paw-tastic

TOO LONG; DIDN’T MEOW

01 We are building a fun pixelated game around saving cats

02 The game will have a circular flow of NFTs linked with real shelter cats

03 We are raising a $2.2m token round

01

MEOWGICAL

Core issues in web3 games

- **No real RWA** use cases
- Crypto games **lack a real mission**
- Web3 gaming more **hard than entertaining**

SO MEOW

PURRFECT GAME

MUCH PURR

01

JOIN

That’s where we come in

- **Simplifying Web3 Gaming and Enhancing Entertainment** - easy playing process, fun for webt2 & web3 users
- **Real-World Application in Web3** - bridging the two worlds by integrating real cat welfare into game mechanics
- **Grinding with a purpose** - every minute you play is not wasted, but contributes to the welfare of our cat overlords
- **Everybody loves cats**.- *MEOW*

The Game

1. **Explore** our virtual NFT cat shelter
2. **Adopt** your purr-fect companion
3. **Take care** of your virtual cat
4. **Save virtual cats** in Purrquest RPG game to **save real cats** in the shelter
